IMAGES DON'T LIE: EXPOSE EXAGGERATED INJURIES

3D Video: \$995 per claimant MRI or CT scan used

- Full motion 3D movie (on average 2 – 4 minutes in length)
- Annotation within the movie of key anatomy
- High resolution still images of key frames within the movie
- Complimentary medical expert review of claimant images and medical reports
- American Board Certified Radiologist written one page certification that movie is a “fair and accurate representation of the original imaging study”
- 100% money back guarantee on admissibility as demonstrable evidence
- Use of the word “alleged” before treating physician diagnosis if an over-stated injury
- 72 hour turnaround time from receipt of claimant scan(s) and medical report(s)
- Template cover letter that most client’s use to accompany the movie
- No charge for use of anonymized 3rd party MRIs of healthy and injured anatomy (usually similar age and gender) for visual comparison purposes
- No charge for scans that are uploaded, but NOT used in the 3D movie
- No charge for any changes to the 3D movie
- Voiceover available for \$299

Independent Medical *Expert Review*: Flat \$199 per claim (regardless of how many MRIs)

- Includes medical expert review and verbal opinion within 48 hours
- \$199 charge only applies in the event claimant’s alleged injuries turn out to be legitimate; otherwise fee is embedded within the \$995 for the 3D movie

Independent Medical *Expert Written Opinion*: \$495 per MRI or CT scan

- Includes a full neuro radiologist (spine, neck, or head) or general radiologist (all other anatomy) written opinion, inclusive of a comparison of the treating physician findings compared to expert findings
- All radiologists are highly credentialed, practicing medical diagnostic radiologists with a small percentage of their overall reads derived from the medical-legal field
- 72 hour turnaround
- Key findings from the written opinion are integrated into the 3D movie
- All radiologists are available to testify or for depositions

Independent Medical *Expert Testimony* (see attached *Expert Fee Schedule*)

- Rates vary by radiologist and region of the country
- Flat rates available by request

Independent Medical *Expert Consult*

- In the event the Medical Review results in legitimate claimant injuries (e.g. no 3D movie produced, \$199 fee), this service helps you define the extent of the injuries and your potential exposure in greater detail via a phone consult with the reviewing radiologist
- Pricing: \$399 for up to 30 minutes, \$749 for up to 60 minutes

Expert Consultant/Retainer Fees
